Friends here have learned with sor-

well, aged 65 years, a former resident
who died last Sunday at her home in
Forsale, Ohio, where she has been

lived here for 10 years. She was ten-
derly cared for by her sister, Mrs.
Louis Dunlop, of Lisbon. She is sur-
vived by one son, Robert, a daughter,

**PURE, RICH BLOOD
MADE BY HOOD'S**
Pure blood enables the stomach,
liver and other digestive organs to
do their work properly. Without it
they are sluggish, there is loss of
appetite, sometimes faintness, a de-
ranged state of the intestines, and
in general, all the symptoms of
dyspepsia.

Hood's Sarsaparilla makes pure
blood, and this is why it is so very
successful in the treatment of so
many ailments. Get it today.

PAYING OFF THE SOLDIERS

**\$160,000 Was Needed For the Eighteenth and Twenty-first
Regiments, Exclusive of the Officers—Henry H. Stark-
weather Was Re-appointed Postmaster—Omnibus Line
Fifty Years Ago Forerunner of Present Jitneys.**

The reappointment of Henry H.
Starkweather as postmaster of this
city for a term of four years was one
of the noteworthy happenings of the
week of July 10-16, 1915 in Norwich.
Among the distinguished visitors to
the city were Col. George W. Stark-
weather and George Dewhurst, acting
master of the U. S. Reviewing ship
Ohio. Incidents taken from the Bul-
letin files of 1865 are as follows:

Two Regiments Paid Off.
Monday—The 21st C. V. were paid
off Thursday, six companies of the 18th
on Friday, and the other four on
Saturday. The 16th were to be paid
Saturday afternoon. It took \$160,000
to pay the two regiments, exclusive of
the officers. The officers of the 18th
are to be paid Tuesday and those of
the 16th Wednesday. This will take
\$40,000 or so more.

Called To Washington Church.
Rev. John V. Lewis of Trinity church
this city has received a call to St.
John's church at Washington, D. C.,
late the Rev. Dr. Fyffe, at salary
of \$3,000. This church has maintained
a reputation during the war as the
loyal Episcopal church at Washington.

Driver Struck a Lamp Post.
About 11 o'clock a truckload of
young men who were somewhat yellow-
dove a horse and wagon on Franklin
street at a furious rate. In attempting
to pass a passing vehicle he struck
the lamp post at the corner of Bath
street with such violence as to shatter
the lantern and project himself sev-
eral feet in advance of the team.
Those who saw the accident thought
the man must be severely injured, but
he soon picked himself up in a sheep-
ish manner and walked.

Thames Fire Insurance Co. Directors.
Tuesday at the annual meeting of
the Thames Fire Insurance Co. di-
rectors Monday afternoon the following
officers were elected: Amos W. Pre-
ntice, president; William S. Brecken-
ridge, vice president; J. W. Lloyd
Greene, treasurer; Benjamin B. Whit-
temore, secretary.

Income Tax Lists.
The income lists are now open for
inspection at Assessor Ely's office and
will remain so until the 14th inst.,
after which the final revision will be
made for the collector. The amount
of tax to be collected in Norwich as
the tax now stands is \$83,053. The
lists are prepared in a different man-
ner from last year and only show the
incomes after the various deductions
are made.

Franklin Square Diversions.
Two fights on Franklin square on
Monday—one about a table and the
other about a saloon. The number
of profane words and big threats ex-
ceeded the number of blows struck in
each instance.

Round-up of Four Steers.
Wednesday—Late last evening four
steers belonging to Joel S. Kinn, es-
caped from the slaughter house on the
Providence turnpike and perambulated
about town at their will. A special
cavalry and the police set out to
hunt (and a drink) and went in pur-
suit. After searching in vain in vari-
ous parts of the city, the "special"
discovered and "arrested" the four
steers on Washington street and took them
back to the slaughter house, one or two of

14 VOTES FOR NORWICH.
But Great Majority of Police Delegates
Favored Norwich.

At the meeting of the State Police-
men's association in Danbury Thurs-
day, the chief interest of the delegates
was as to the city in which the con-
vention was to be held in 1916. Last year
the Norwich delegates stepped aside in
order that Danbury might entertain
this year and expected that they would
not be opposed in their invitation to
have the convention meet with them
next year. It developed during the
last few months that New London was
to extend an invitation and the contest
appeared to be a vigorous although
friendly one.

Wednesday night says the Danbury
News, the delegates from Norwich
arrived in the city and once again
menaced an active canvass with the
purpose of having the convention meet
in their home city next year. How-
ever, the sentiment appeared to be in
favor of Norwich and when the votes
were counted it was seen that the
large majority of the delegates favor-
ed the city on the Sound.

Captain Rodgate, Sergeant Dauchy
and Captain Grace were named as tel-
lers. They announced the result of the
voting as follows:

PINE GROVE SERVICES.
Mrs. Bradley of Boston Will Speak and
Demonstrate Gifts.

Mrs. C. S. Bradley of Boston has
been announced as the speaker for the
services held under the auspices of the
Ladies Aid society of Pine Grove,
Conn., on Sunday, July 18, this being
the first appearance of this well-
known speaker at the Connecticut Spiritualist
camp ground. Mrs. Bradley is a
speaker of ability a woman with a
charming personality, who has a won-
derful psychic gift known as ballot
reading which she demonstrates at
each service after her address.

It is expected that the speaker will
remain at the camp for a few days to
conduct evening services under the aus-
pices of the society and to meet the
people socially, thus giving those who
cannot attend on Sunday an opportu-
nity to hear this gifted speaker.

All meetings are to be held in the
Ladies Aid building, which is open pub-
lic. The hours of Sunday service are 11 a.
m. and 8 p. m. Week evening serv-
ices, 8 o'clock.

**Connecticut Postmasters' Summer
Outing.**
Invitations have been sent out here
for the annual summer meeting of the
Connecticut Association of Postmas-
ters. It will be held Tuesday, July
20, at the Monastery, East of
Beach, New Haven. Postmaster John
F. Murphy will likely go over.

At 3 o'clock dinner will be served
and after winter the evening will be
spent in reminiscences, music being
enjoyed later. Dainty refreshments
were served by the hostess and a most
agreeable time was enjoyed by all
present.

**Whitaker-Loker Engagement—An-
nounced.**
Norwich acquaintances have re-
ceived announcements of the engage-
ment of George N. Whitaker and Miss
Mildred J. Loker of Natick, Mass. Mr.
Whitaker who was formerly an as-
sistant in the office of Town-Clark C.
S. Whitbrook went to live in Natick
about two years ago when his father,
Walter O. Whitaker, secured a position
with a paper mill there.

the assistants getting severely kicked
in confining them.
George Ward Not Dead—Definitely.
The relatives in this city of George
W. Ward of Co. C, 15th regiment, re-
quest us to contradict the statement
to the effect that satisfactory informa-
tion had been received, establishing
as certain the death of Mr. Ward. They
have investigated the matter and as
they know Ward was alive in Novem-
ber, 1864, still entertain hopes of his
return.

Thanks For Brig. Gen. Tyler.
In the legislature on Monday a res-
olution of thanks to Brig. General Dan-
iel Tyler for "distinguished military
services" was passed. Gen. Tyler's
military ability is of the first order
and wherever he was called he did his
duty nobly. The general still retains
the same high city, but resides at
Red Bank, N. J.

Reappointment as Postmaster.
Thursday—An Associated Press de-
patch announces the re-appointment
of Henry H. Starkweather as post-
master of this city for four years to
come. We don't believe there is a
person in the city but that will be
glad of it.

Omnibus Instead of Autobus.
The Greenville Omnibus line, re-
cently established between St. John's
hotel and the West Gate house, is a
tip top institution. Running at the
most convenient hours and at the
lowest rate of fare, it just suits every-
body. We wish time could be
established to other parts of the
town.

Distinguished in Sherman's Campaign.
Col. Henry Case who bore a dis-
tinguished part in Sherman's campaign
is on a visit to his brother, S. B. Case,
in this town.

Launching at Thameville.
Friday—From the shipyard at
Thameville, Saturday afternoon, will
be launched a new screw propeller of
the Thames Fire Insurance Co. (new
measurement). The vessel was built
by Thomas T. Wetmore for J. M.
Huntington & Co. and will probably
be placed on the new line from New
York to Savannah, Ga.

A train of fifteen cars left this city
for Albany Point at 8 a. m. Thursday
and Sunday. The cars were loaded
with passengers on an excursion and picnic.
Arriving at the point, the party scat-
tered to the neighboring groves and
enjoyed the day to dancing, boating,
etc., and the employees of the colla-
borated.

**Capt. Isaac H. Bromley and Joseph
A. Starkweather of this city arrived
New York Thursday from California.**

Fought With Farragut.
Saturday—George Demhurst, Acting
Master of the United States receiving
ship, Ohio, somewhat famous for the
part he took under Admiral Farragut
in the capture of New Orleans, was
in the city on an excursion and picnic.
Vickburg, passed through this place
yesterday enroute for Boston.

Cheap Riding at 6 Cents.
Who says the omnibus line won't
be a success? St. John says it will. Good
horses, good drivers and good care
will do it. Then all take a ride when
the fare is only six cents. It's cheap
riding, the more omnibuses the better.
The City street carhouse is to be
sold at auction today.

FISHERMAN'S LUCK
Although Bass are Scarce, George H.
Dolan Got Two at Gardner Lake.

George H. Dolan, the insurance
agent, who is enjoying a merited vaca-
tion at Gardner Lake, has been fully
initiated into the ranks of those who,
following in the footsteps of old Isaac
Hook, have caught the one and only
fish of the season. This is of course figuratively speaking,
for George proved his competency, so
it is understood at least with the more
experienced anglers. The fish was
like a worm or any of the usual grass-
hopper just as much as a silk fly.
Well, that's what George found out
yesterday. He pulled a couple of nice
black bass out of the water and the one
pounders and that's a stunt that ev-
erybody is not duplicating there every
day. For bass are rare this year, or
scarce, and it is not until the one
that redoubtable fisherman, Perry H.
Corning, who has long dropped hook
and line in the rocks most favored and
fished by the bass, have come no
tidings of good luck.

CHARLIE CHAPLIN NIGHT
Murphy and House Winners in Audi-
torium Contest.

Murphy and House carried away
first honors in the Charlie Chaplin
contest at the Auditorium theatre
on Friday evening. Murphy taking
second and King third prize. Only
eight of the large numbers of would-
be entries were given an opportunity
to show what they were made of.
Charlie Chaplin line because of the
lack of time. Murphy and House
worked to gether while the other two
worked apart, all the while being
made on popular verdict. There was
a full house at the first perform-
ance and a good sized house at the final
performance of the showman's one-
man comedy. The movie bill was an
excellent one and received its share
of approval. The Charlie Chaplin
contest took place immediately after
the first show.

SURPRISE SHOWER
Given by Friends of Mrs. Richard A.
Steinway of New York.

On Thursday evening, at the home
of Miss Charlotte Chappell in the Mar-
ble block, a very pretty surprise
shower was given by the employees of
B. Gotthelf & Co. in honor of Mrs.
Richard A. Steinway of New York
city. The affair was conducted in a
pleasant manner and the evening was
merely making an informal call on Miss
Chappell. After receiving the best
wishes of the guests the evening was
spent in reminiscences, music being
enjoyed later. Dainty refreshments
were served by the hostess and a most
agreeable time was enjoyed by all
present.

OUTING AT NEW COLLEGE.
Norwich Ladies Accompanied Members
of Windham County College Club.

Members of the Windham County
College club, which has declared its
intention to raise funds for another
building at Connecticut College for
Women, visited the site of that insti-
tution Thursday and held a picnic on
the grounds. The trip was made in
automobiles. Luncheon was served in
the office of President Sykes in New
London hall, which is practically finish-
ed. Afterward the visitors strolled
through the spacious grounds and en-
joyed the beautiful view.

Miss Elizabeth C. Wright, registrar
and bursar of the college, received the
guests, who included Miss Louise
Howe of Norwich, president of the
Norwich College club; Miss Marot of
the Marot school of Thompsonville,

Leroy Nash, who captained the New
London team that defeated Norwich in
the baseball game at the Eastern Con-
necticut development committee out-
ing at Richard's grove, Thursday, is
confined to his home suffering from a
sprained ankle. Nash was playing first
base and was stepped on by a base-
runner. He was unable to walk and after receiving
medical treatment he was taken to his
home.

Ontario Statistics.
Ontario has a gross area of 407,763
square miles, which is more than six
times the total area of the six New
England States. A large part of this
territory, particularly in northern
New Ontario, has not yet been fully
explored, and a considerable propor-
tion of it is unfit for permanent set-
tlement, especially in the mountain
district and the fur-producing regions
of the north and northwest. The for-
est area of more than 100,000 square
miles, exclusive of Patricia, abounds
in valuable timber and pulp woods. The
pine timber on forest reserves is es-
timated at 7,000,000,000 on wooded
lands and on uninclosed territory at
12,000,000,000 feet board measure, and
the pulp wood still standing on Crown
lands at from 200,000,000 to 400,000,000
cords, not including the recently ad-
ded district of Patricia, 148,400 square
miles, on which there is a large amount
of timber and pulp wood. The policy
of the Government is to conserve its
timber and forests, as well as its mines
and water powers, for the benefit of
the public. The total area of land in
the 34,163,090 acres of land in the
12,000,000 feet board measure, and
only 6 per cent of this vast area.

Town For War Workers Only.
Other housing problems, besides that
of housing our vast new armies, have
arisen through the war, and not the
least of these is that connected with
the workers at Woolwich Arsenal.

Since the war started the authorities
at the arsenal have been engaging men
in numbers never known before, with
the result that men have come from
all parts of London and Great Britain to
get work there.

As a consequence, some of the work-
ers have to travel nearly across the
city in order to get to work, the jour-
ney taking in some cases as much as
an hour and a half.

So hard are the men working now
that after the working hours and the
time spent in eating and traveling are
deducted, some men can only man-
age to snatch about five or six hours
rest.

The only remedy, of course, was to
build a sufficient number of houses in
Woolwich to allow all the extra work-
ers at the arsenal to live near their
work.

Builders, however, have not come
forward, apparently being scared by
the idea that when the war is over
half the houses will not be wanted.

So the government is taking the
work in hand itself, in order to get
over the difficulty a little, fifty houses
are being built with all speed on a
vacant space near the arsenal, and
have already been snapped up by
eager men.

In addition to this, the office of
works is proceeding apace with an-
other plan.

On a large tract of agricultural land
barely one mile and a half from the
arsenal, 1000 houses are being rushed
up, owing to the huge number of
men who are employed on the job,
however, the houses are not only being
built quickly, but exceedingly well.
The work was started in February, and
some of the houses, twelve of which
are being built to the acre, are just
beginning to take shape.—Tit-Bits.

Deaf—Heard His Country's Call.
A street beggar at Chesham, who
has been a deaf mute for fourteen
years, has joined the French army.
This is not a miracle feat in the
Lourdes sense, but an astounding
feat. Jean Baptiste Thierry had been sham-
ing all the while, but he says, "the
light of the wounded returning from
the front has shamed me into con-
fessing." Let it be counted to him, for
righteousness that at the last he was
not deaf to his country's call.—Fall
Mail Gazette.

Future Reform Work.
When the modern reformers finish
preparing girls for matrimony they
might devote their attention to teach-
ing ducks to swim.—Washington Post.
